# GPSR - Guide - Modifications in bulk [EN]

Please find how to add in bulk information about the GPSR (General Product Safety Regulation) directly from the eBay backoffice step by step:

- connect to you eBay account, active listings https://www.ebay.co.uk/sh/lst/active

- select all your listings, then click on Edit

- select items in bulk, for example 1 to 2000; or 2001 to 4000:

- You will see a new page. You must select again all the items, and then click on Bulk edit

- Then, click on "Item disclosures": you will see the corresponding fields

Item disclosures ✕

eligible listings
